PUBLIC NOTICE

Calcutta-1, *the 20th August* 1963

No. Ind/7(39)—The Control exercised on the price for sale of various types of ferrous scrap excepting Fresh unused defectives and cuttings and ingot mould scrap in all forms and rejected bottom plates was withdrawn under Notification No. AP/84/4N/ESS.COMM/Iron & Steel/27(1), dated 6th April 1963 and the Controlled sources of such types of scrap may now dispose of their stock and arisings at a negotiated price. As regards re-rollable scrap although it is no longer under price control distribution thereof continues to be under control. Main Producers of Steel, billet re-rollers, Railways and Shipyards—the major sources of re-rollable scrap have been directed to dispose of 2/3rd of their scrap arisings to the recognised scrap re-rollers of the Union with the assistance of the Steel Re-rolling Mills' Association of India, Calcutta and to offer the balance 1/3rd to the respective State Authorities where the stock arises for disposal, for allocation to the Small Scale Scrap Re-rollers installed and operating on the basis of relaxation granted in the Department Public Notification No. SC(A)-1(28)/59, dated 4th June 1960. Other minor controlled sources have also been directed to offer their entire arisings of re-rollable scrap to their respective State Authorities for allocation to the aforesaid small Scale Scrap re-rollers.

P. R. NAIR
Dy. Iron and Steel Controller

PUBLIC NOTICE

Calcutta-1, *the 23rd August* 1963

No. C/50/63—Instances have come to notice where engineering industries/steel trade have entered into export commitments without any confirmation either from the Steel Control organisation or from the steel plants about the availability of the steel materials required for export or for fabrication of stores to be exported. Such action on the part of the exporters has caused embarrassment both to themselves and to the country. In order to prevent such embarrassment in future, the following procedure is laid down for parties intending to enter into export commitments either for fabricated materials or for rolled steel materials.

List 'A' enclosed with this notice contains names of items which are available freely for export either as rolled products or for fabrication of engineering goods proposed to be exported. List 'B' indicates the items available only for fabrication of engineering stores for export subject to the normal control laid down by the Export Promotion Directorate of the Ministry of International Trade. List 'C' gives the particulars of materials which may be available in limited quantities for export either as rolled products or as fabricated engineering goods. Materials not included either in list 'A' or in list 'C' would not normally be available for export.

So far as items included in list 'A' are concerned, there would be no objection to an exporter of rolled steel or of engineering goods to enter into export commitment without making any prior reference to the Steel Control. So far as items mentioned in list 'B' are concerned, the drill for securing release of such materials for export purposes has already been laid down and should be strictly followed. Without following the drill no export of engineering goods should enter into any commitment in regard to export of finished products to be made out of such items.

So far as items mentioned in list 'C' are concerned, a reference should be made, before entering into any commitment for export, to Shri S. C. Mukherjee, Dy. Iron & Steel Controller, as to whether any export commitment can be made. A decision as to whether such materials would be available for export would be given to the intending exporter within a week from the date of receiving the reference from such exporter.

So far as items not included in lists 'A' or 'C' are concerned, if there any specific offer which may be considered as beneficial to the country, a reference may be made to Shri S. C. Mukherjee, Dy. Iron & Steel Controller for ascertaining whether the material in question would be available. In any circumstance, however, no prior commitment should be made in regard to any such items as also with regard to items mentioned in list 'C' mentioned above.

Intending exporters may receive offers for export of rolled steel of non-Indian specifications or of fabricated goods made out of rolled steel of non-Indian specifications. Normally, the question of manufacture of such steel of non-Indian specification would not be considered. However, if the order is of comparatively large magnitude and if the offer seems beneficial from price and other aspects, the question of specially rolling such steel may be considered.

Encl.—As above.

A. N. BANERJI
Iron and Steel Controller

LIST A

Materials available for export freely either as rolled products or for fabrication of engineering goods to be exported :

(a) *Quality*	. .	Ordinary mild steel of commercial quality or to Indian Standard Specification 226-62 or 1977-62 or 2062-62.
